

Tableau

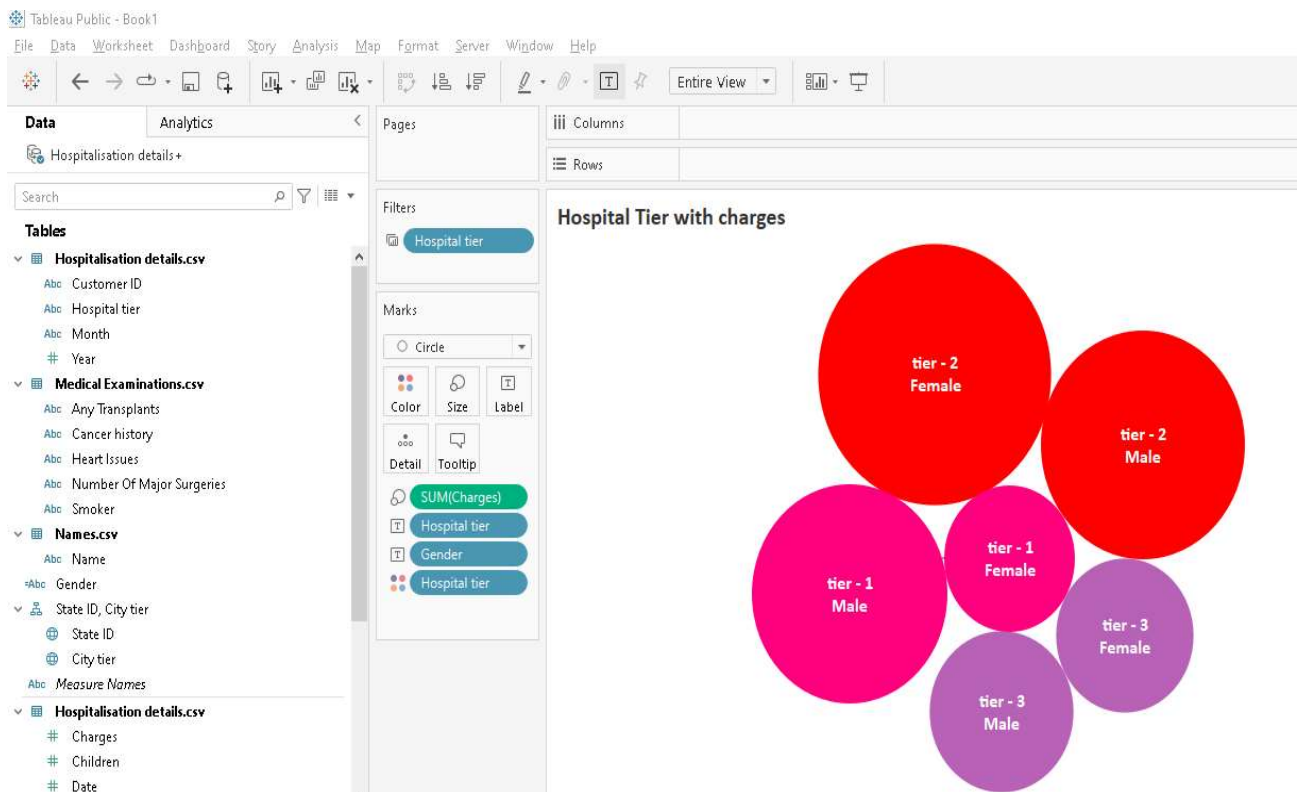

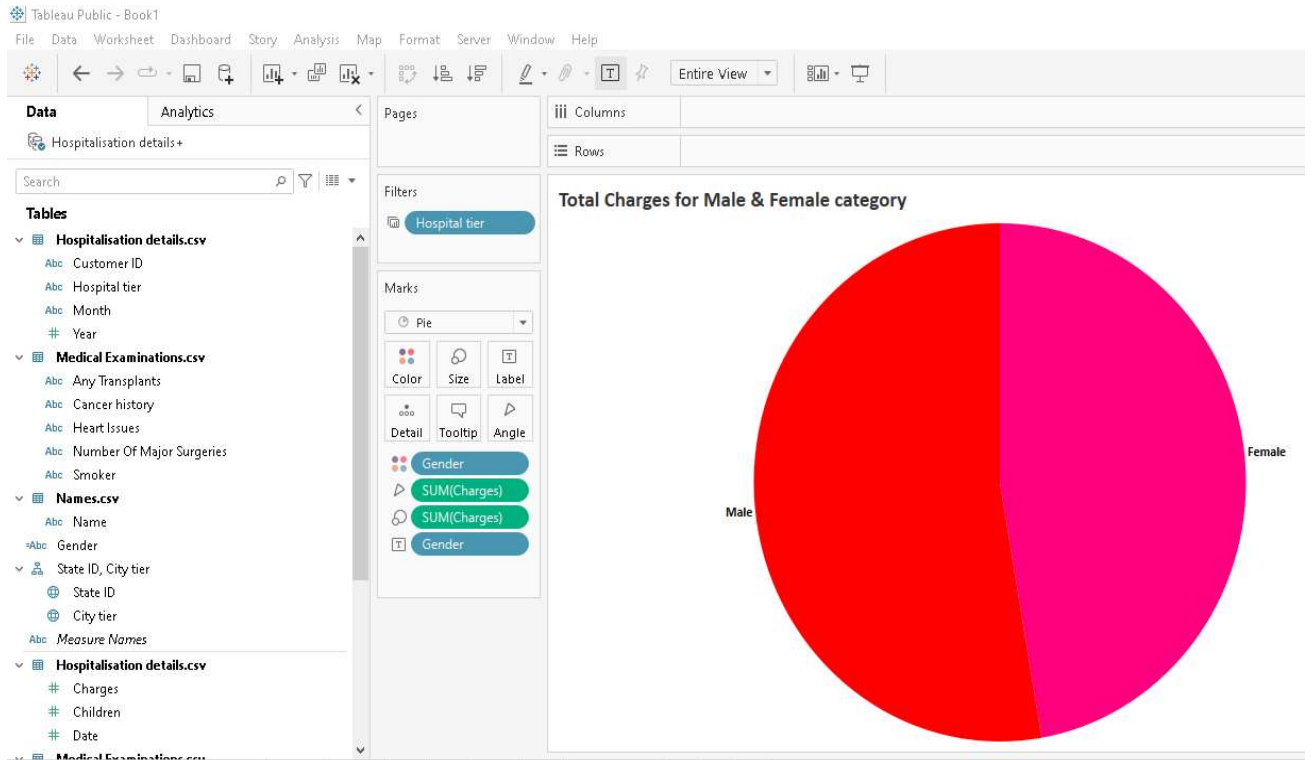

1. Create a dashboard in Tableau by selecting the appropriate chart types and business metrics **Note: Put more emphasis on data storytelling**

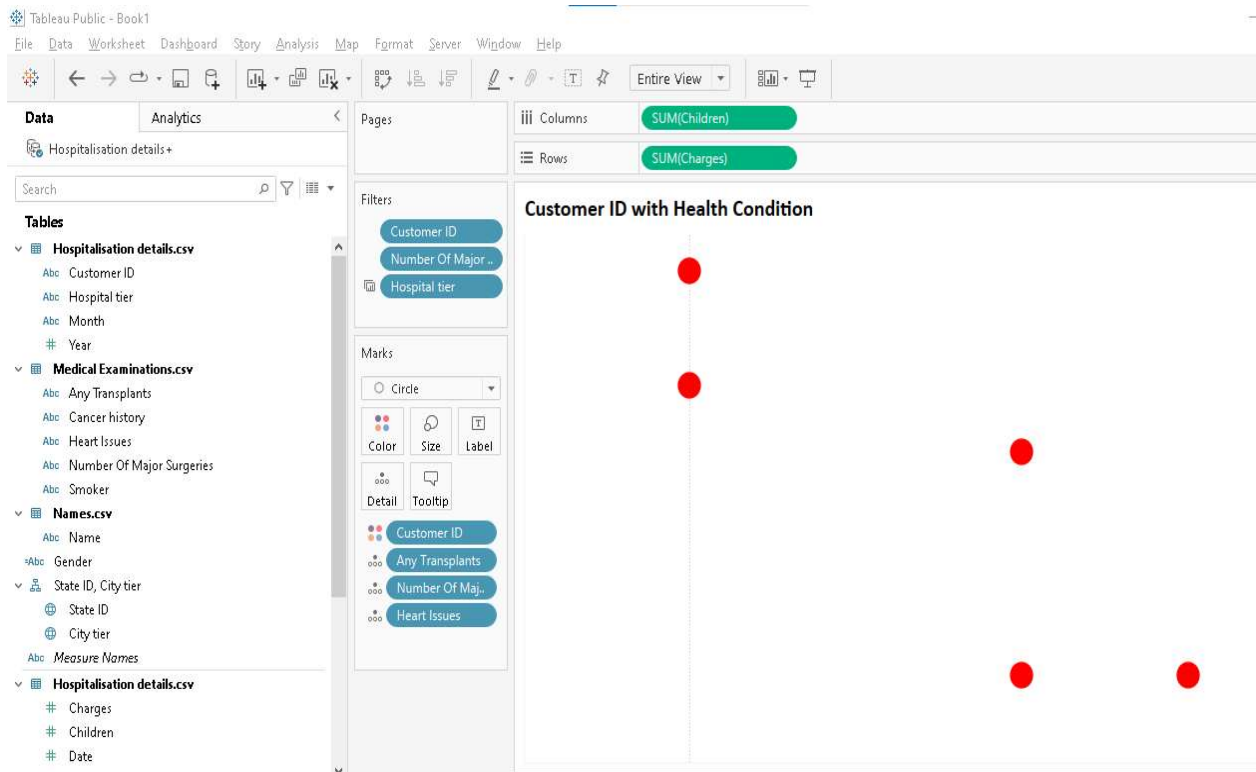

- Importing the data sets in the form of csv file, and performing the inner join operation to join the multiple tables.

Name	Customer ID	Year	Month	Date	Children
Hospitalisation details.csv	Id2335	1992	Jul		9
	Id2334	1992	Nov		30
